Overview of CatRIS Portal Onboarding Process

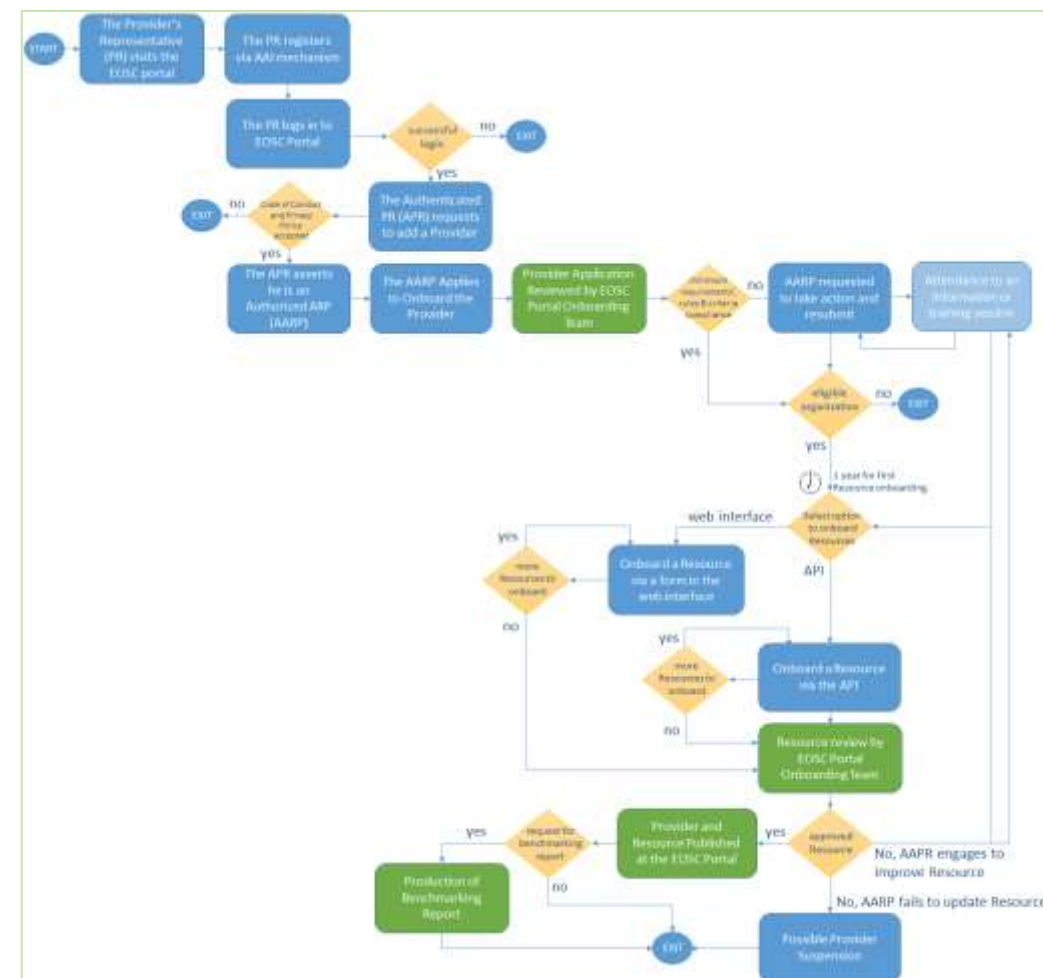

Phases of the Onboarding Process

- The CatRIS Portal Onboarding Process (CPOT) currently specifies the Onboarding of Providers and their Services. The current form includes 3 distinct Phases implemented in 10 distinct Stages.
- The 3 Phases of the Onboarding Process are:
 - A. An Authorised Representative of a Provider **registers him/herself into the CatRIS Portal**.
 - B. The Authorised and Authenticated Representative of a Provider **onboards (and updates) the Provider**.
 - C. The Authorised and Authenticated Representative of a Provider **onboards (and updates) the Services offered by the Provider**.
- As soon as each phase is concluded (approved or rejected), the user is notified to proceed accordingly. If the three-phase onboarding process is successful, then the Provider is registered to the CatRIS Portal and their Services become publicly accessible.

1. The ARP ^[1] registers with the CatRIS Portal
2. The AARP ^[2] logs in to the CatRIS Portal
3. The AARP asserts Authorisation for the Provider
4. The AARP applies to onboard the Provider
5. The CPOT ^[3] reviews the Provider Profile
6. The AARP selects the method to onboard Services
7. The AARP applies to onboard Services
8. The CPOT reviews the Service Profiles
9. The AARP applies to onboard other Services
10. The CPQT ^[4] creates a Report

CatRIS

Catalogue of Research
Infrastructure Services

Phase A. Registration of Authorized Representative of Provider

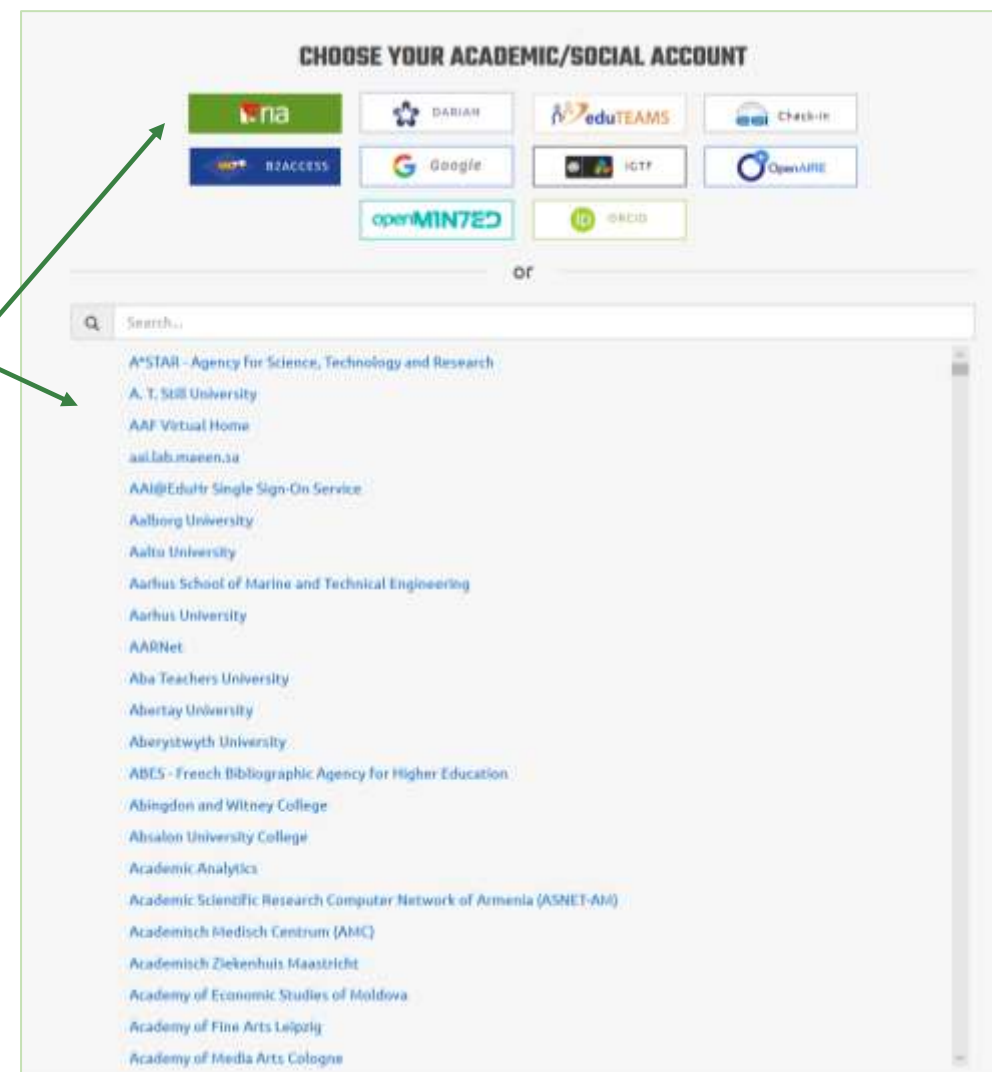

Stage 1 – The AARP logs in to the CatRIS Portal

- 🕒 The Authorised and Authenticated Representative of the Provider (AARP) visits CatRIS Portal:
<https://www.portal.catris.eu/home>
- 🕒 The AARP clicks on the **LOG IN** button on the top right of his screen

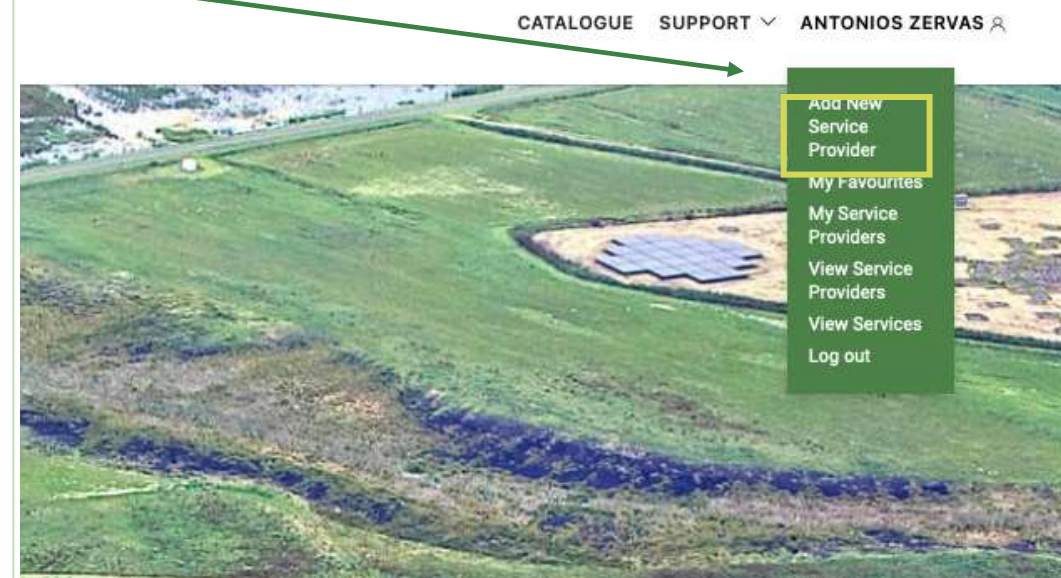

Stage 1 – The ARP registers with the CatRIS Portal

- 🌐 The Authorised Representative of the Provider (ARP) registers with the CatRIS Portal using an existing identity from a Social or Academic Authentication and Authorization Infrastructure (AAI) mechanism.
- 🌐 CatRIS supports AAI mechanisms of many Academic and Research Institutions worldwide as well as ORCID, Google, aria, DARIAH, eduTeams, IGTF, EGI Check-in, B2ACCESS, OpenAIRE, openMINTED.
- 🌐 In case of difficulties during authentication communicate to tech-support@catris.eu depending on the issues a 1-to-1 call to offer guidance may be also organized.

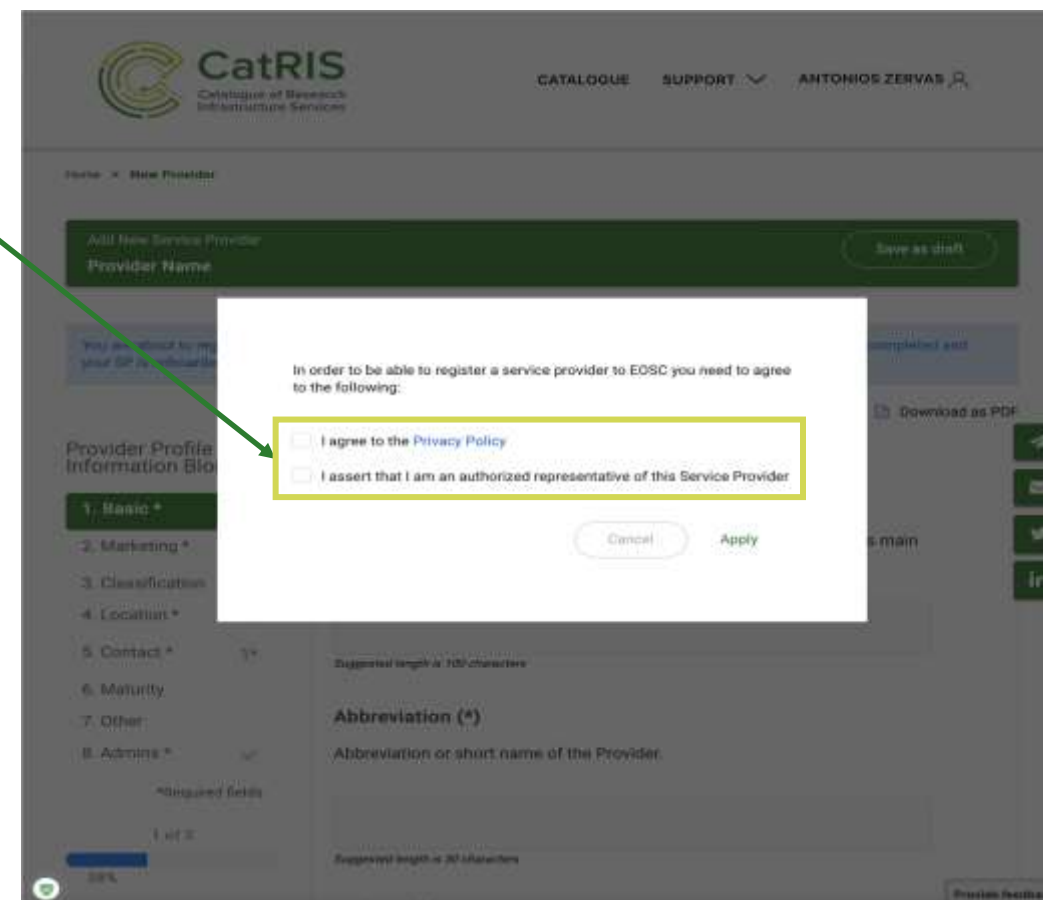

Stage 2 – The AARP logs in to the CatRIS Portal

- 🕒 The Authorised and Authenticated Representative of the Provider (AARP) **logs in** into the CatRIS Portal with the AAI mechanism chosen.
- 🕒 Once logged in, the menu allows access to the "Add New Service Provider" functionality. This is also available at <https://www.portal.catris.eu/provider/add>
- 🕒 The AARP should read at this step the information about personal data treatment and privacy policy available at <https://www.portal.catris.eu/support/privacy-policy>
- 🕒 In case of difficulties during authentication communicate to tech-support@catris.eu depending on the issues a 1-to-1 call to offer guidance may be also organised.

Stage 3 - The AARP asserts Authorization

- By clicking on "Add New Service Provider" the ARP is asked a) to agree to the CatRIS Portal Privacy Policy and b) to assert the Authorisation of Representation of the Provider Organisation.
- Once a is accepted and the b asserted, the Authenticated and Authorized Representative of the Provider (AARP) can apply to onboard the Provider.
- The CatRIS Portal Privacy Policy applies to the collection of the data, public vs. internal, etc.

The screenshot shows the CatRIS 'Add New Service Provider' interface. A modal dialog is displayed in the center, titled 'In order to be able to register a service provider to EOSC you need to agree to the following:'. It contains two checkboxes: 'I agree to the Privacy Policy' and 'I assert that I am an authorized representative of this Service Provider'. A green arrow points from the first bullet point of the text to the first checkbox. Below the checkboxes are 'Cancel' and 'Apply' buttons. The background form shows fields for 'Provider Name', 'Provider Profile Information Block', and 'Abbreviation (*)'.

Phase B. Onboarding of CatRIS Provider

Stage 4a - The AARP applies to onboard the Provider

☞ The AARP may now apply to onboard the Provider by completing the Provider Profile.

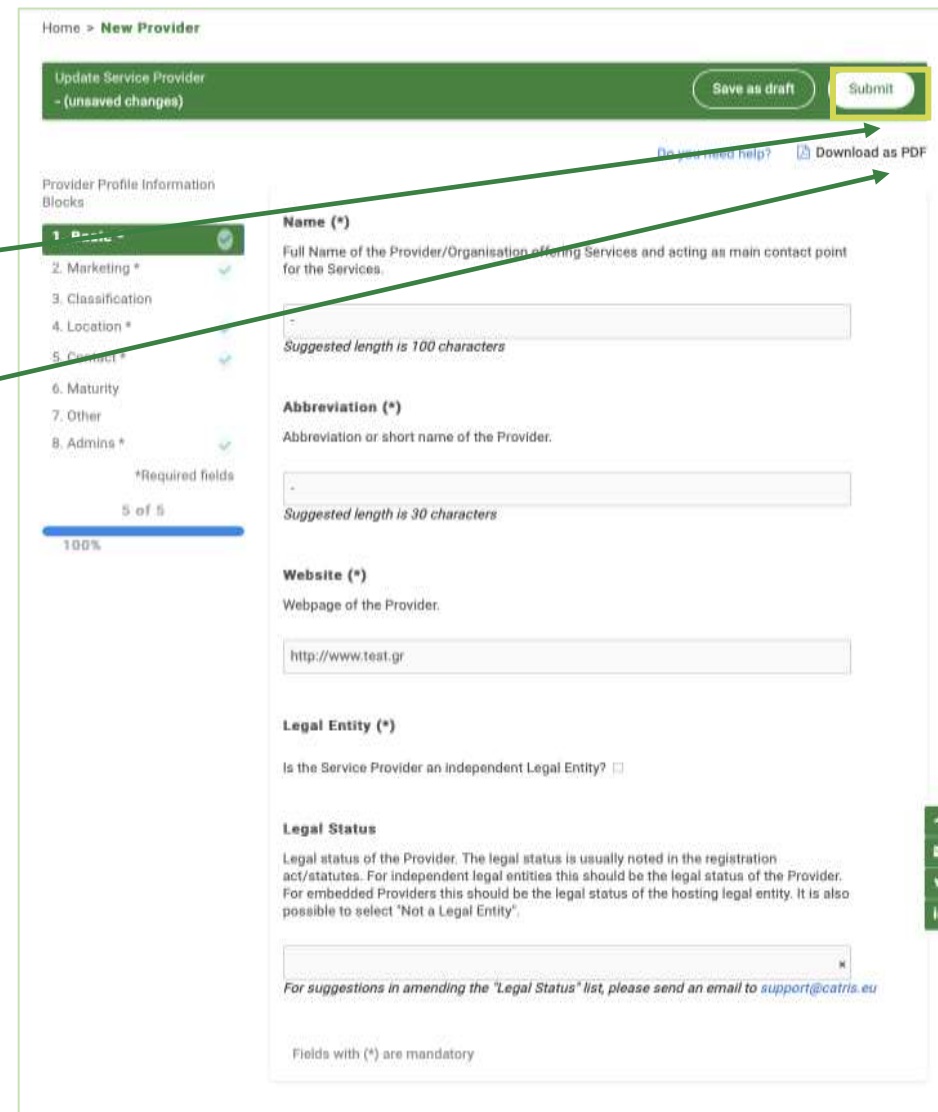

☞ All mandatory fields (denoted with *) have to be filled in.

☞ Need to press the **Submit** button to finalize the Provider application.

☞ The Provider Profile Template is also offered for download and preview in **pdf** and in excel formats. It includes standardized definitions, examples and recommendations.

<https://www.portal.catris.eu/assets/files/Provider-Form.pdf>

☞ In case of difficulties during Provider onboarding communicate to tech-support@catris.eu depending on the issues a 1-to-1 call to offer guidance may be also organised.

Provider Profile Information Blocks

1. Profile 2. Marketing * 3. Classification 4. Location * 5. Contact * 6. Maturity 7. Other 8. Admins *

*Required fields

5 of 5

100%

Name (*)
Full Name of the Provider/Organisation offering Services and acting as main contact point for the Services.
Suggested length is 100 characters

Abbreviation (*)
Abbreviation or short name of the Provider.
Suggested length is 30 characters

Website (*)
Webpage of the Provider.
<http://www.test.gr>

Legal Entity (*)
Is the Service Provider an independent Legal Entity? ☐

Legal Status
Legal status of the Provider. The legal status is usually noted in the registration act/statutes. For independent legal entities this should be the legal status of the Provider. For embedded Providers this should be the legal status of the hosting legal entity. It is also possible to select 'Not a Legal Entity'.

For suggestions in amending the "Legal Status" list, please send an email to support@catris.eu

Fields with (*) are mandatory

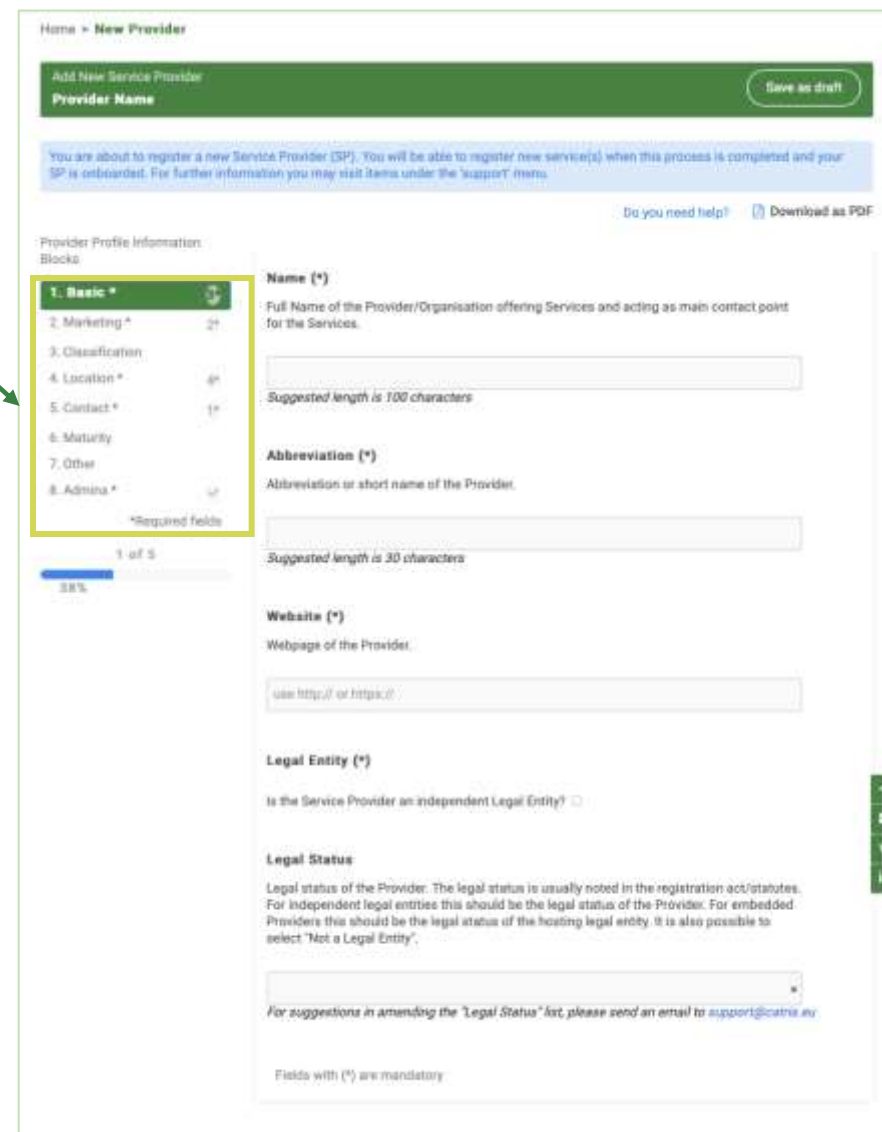

Stage 4b - The AARP applies to onboard the Provider

The SP Profile is organised in eight information blocks:

- **Basic Information:** such as the name, the description, the logo, the website, etc. of the Provider.
- **Marketing Information:** such as Profile, logo, multimedia
- **Classification Information:** scientific domain, category, ESFRI domain, tags, etc.
- **Location Information:** location of the Provider, coordinating & participating countries, etc.
- **Contact Information:** contact persons and position
- **Maturity Information:** Life Cycle status, etc.
- **Other Information:** relevant to the legal status, networks, and activity of the Provider.
- **Admins Information:** administrators of the Provider.

All information has to be in the proper format (e.g. text, URL, email address, etc) and size.

- Automated mechanisms are used to the greatest extent possible to ensure that all required information is included and that the information is of the correct type, size, etc.

For suggestions in amending the "Legal Status" list, please send an email to support@catris.eu

Fields with (*) are mandatory

Stage 4c - The AARP applies to onboard the Provider

- Upon successful submission, the AARP will be navigated to the “My Service Providers” page, where the new Provider is marked as “**pending initial approval**”.
- The CatRIS Portal will also notify by email the Admins of the Provider and the CatRIS Onboarding Team (CPOT) of the successful submission.
- The CatRIS portal will open a ticket in the CatRIS dedicated Jira project. The CPOT confirms the opening of the Jira ticket for the Provider and updates it with any additional information deemed necessary.
- The AARP can update at any time the information about the Service Provider by clicking the “**Update Provider**” button.

Stage 5a – The CPOT reviews the Provider Description

- At this stage the Provider application needs to get approved by the CatRIS Onboarding Team (COT) using the CatRIS Validation Tool.
- The COT checks the Minimum Requirements and the rules and criteria and the typology of the Provider Description Template (mandatory fields, lengths, types, etc) and provides comments and recommendations for improvements on the Validation Tool.
- If the Provider description does not comply with the minimum requirements, or the rules and criteria or the typology of the Provider Description Template, the AARP is contacted by email to take action on the recommendations stated in the Validation Tool and update the Provider Description.
- Typos and obvious errata are corrected by the COT. The AARP is informed accordingly.
- At this stage the AARP is offered the option to join an information or training session with the COT to get personalized consultation on the best way to onboard the Provider and its Services. In this, often 1-to-1 Webinar, the Provider will have the chance to ask questions and get personalized consultation on the best way to register its services.
- In case of delays, both the Provider and the COT receive reminders of the pending process via email messages.

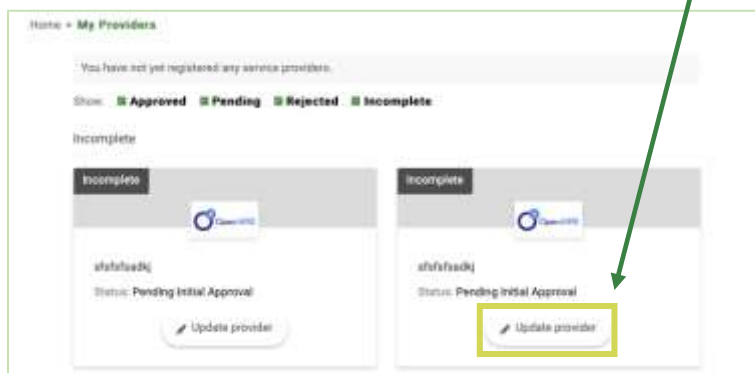

Minimum Requirements

- Should be Research Infrastructures, Core Facilities or Shared Scientific Services that offer one or more services to users (academic or industrial researchers, public or private sector organisations, etc.).
- Should be operating at European, national, regional or institutional level.
- Should be the entity registering the service and operating it.
- Should be independent legal entities (ERICs, universities, research organisations), entities embedded in a hosting organisations (laboratories, platforms) or projects offering specific services (such as H2020 or Horizon Europe projects offering (trans-national) access, access to a network of distributed facilities, etc.).

Code	Attribute Name	Value (Example)	Required	Definition	Type	Multiplicity	Public	Length Check
Basic Information								
EPP.BAI.0	ID	openaire	Mandatory	A persistent identifier, a unique reference to the Provider in the context of the EOSC Portal.	String (max 30)	1	Yes	8
EPP.BAI.1	Name	Open Access Infrastructure for Research in Europe	Mandatory	Full Name of the Provider offering the resource and acting as main contact point.	String (max 100)	1	Yes	49
EPP.BAI.2	Abbreviation	OpenAIRE	Mandatory	Abbreviation or short name of the Provider.	String (max 30)	1	Yes	8
EPP.BAI.3	Website	https://www.openaire.eu	Mandatory	Webpage with information about the Provider.	URL	1	Yes	23
EPP.BAI.4	Legal Entity	y	Mandatory	A Y/N question to define whether the Provider is a Legal Entity or not.	Boolean	1	Yes	1
EPP.BAI.5	Legal Status	Non-Profit Partnership (NPP)	Optional	Legal status of the Provider. The legal status is usually noted in the registration act/statuses. For independent legal entities (1) - legal status of the Provider. For embedded providers (2) - legal status of the hosting legal entity. It is also possible to select Not a legal entity.	List of controlled values	1	Yes	28

Stage 4d – The AARP updates the Provider Description

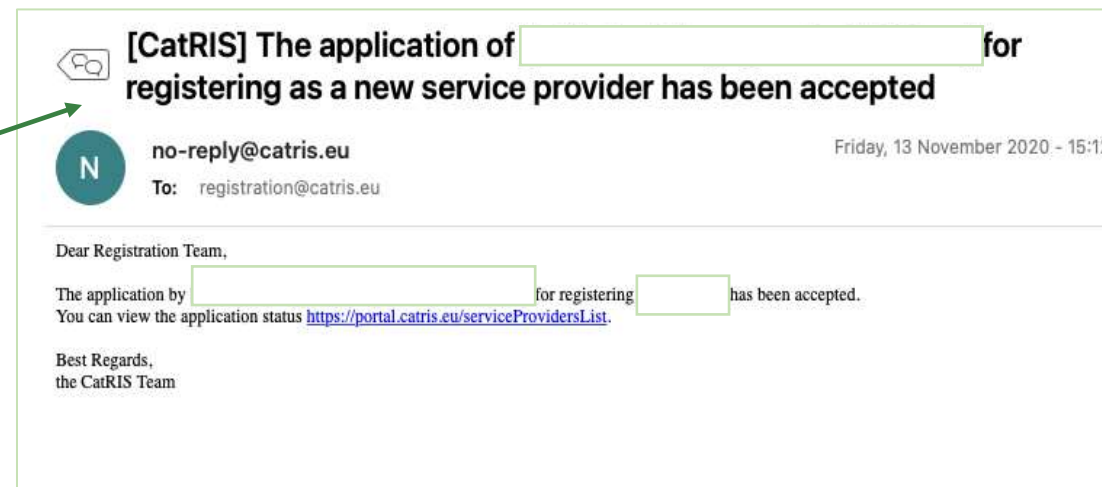

- If the AARP wants to resubmit the Provider description, the AARP is directed again to the My Providers page to click on the **Update Provider** button.
- Upon completion the **submit** button has to be clicked to save the updated information on the Service Provider.

The screenshot shows the 'Update Service Provider' form. At the top, there is a green bar with the text 'Update Service Provider' and 'Test (unsaved changes)'. To the right of this bar are two buttons: 'Save as draft' and 'Submit'. The 'Submit' button is highlighted with a yellow box. A green arrow points from the 'Update provider' button in the previous image to this 'Submit' button. The form itself contains several sections: 'Provider Profile Information Blocks' (1. Basic, 2. Marketing, 3. Classification, 4. Location, 5. Contact, 6. Maturity, 7. Other, 8. Admins), 'Name (*)', 'Full Name of the Provider/Organisation offering Services and acting as main contact point for the Services.', 'Abbreviation (*)', 'Website (*)', 'Legal Entity (*)', and 'Legal Status'. Each section has a corresponding input field. A progress bar at the bottom indicates '1 of 5' and '100%'. A footer note says 'Fields with (*) are mandatory'.

Stage 5b – The CPOT approves the Provider Description

- The Provider description is reassessed following the same process.
- When the Provider description complies with the minimum requirements, the AARP is notified by email from the CatRIS Portal.
- The CPOT updates the status in the Jira ticket.
- The Provider is now registered to the CatRIS portal as a new Service Provider.

CatRIS

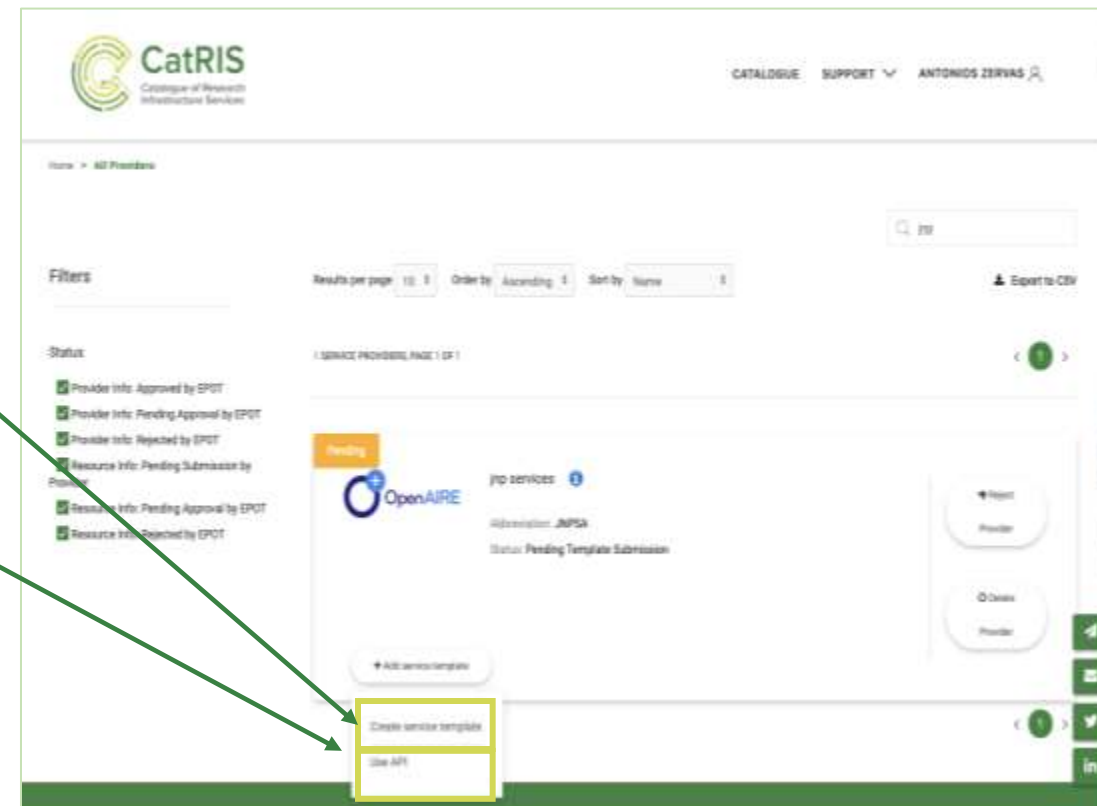

Catalogue of Research
Infrastructure Services

Phase C. Registration of Service

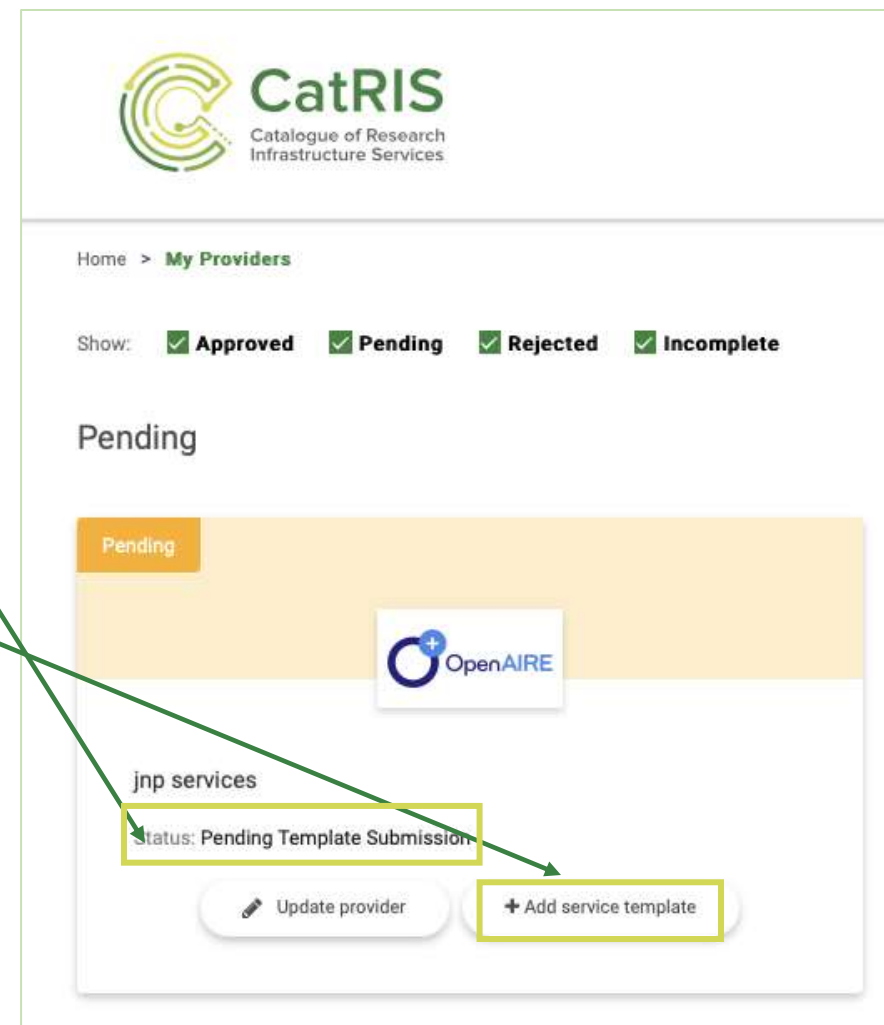

Stage 6 - The AARP selects method to onboard Services

- 🔗 The AARP logs in (if not already logged in) to the Portal and may proceed with the onboarding of Services.
- 🔗 The AARP is offered two options to onboard Services:
 - 🔗 a) via a web interface for each Service individually
 - 🔗 b) via the CatRIS Portal Application Programming Interface (API).
- 🔗 If the web interface is selected then Stage 7a follows otherwise Stage 7b.
- 🔗 For Onboarding with the CatRIS Portal API follow the “CatRIS Portal API Tutorial”.

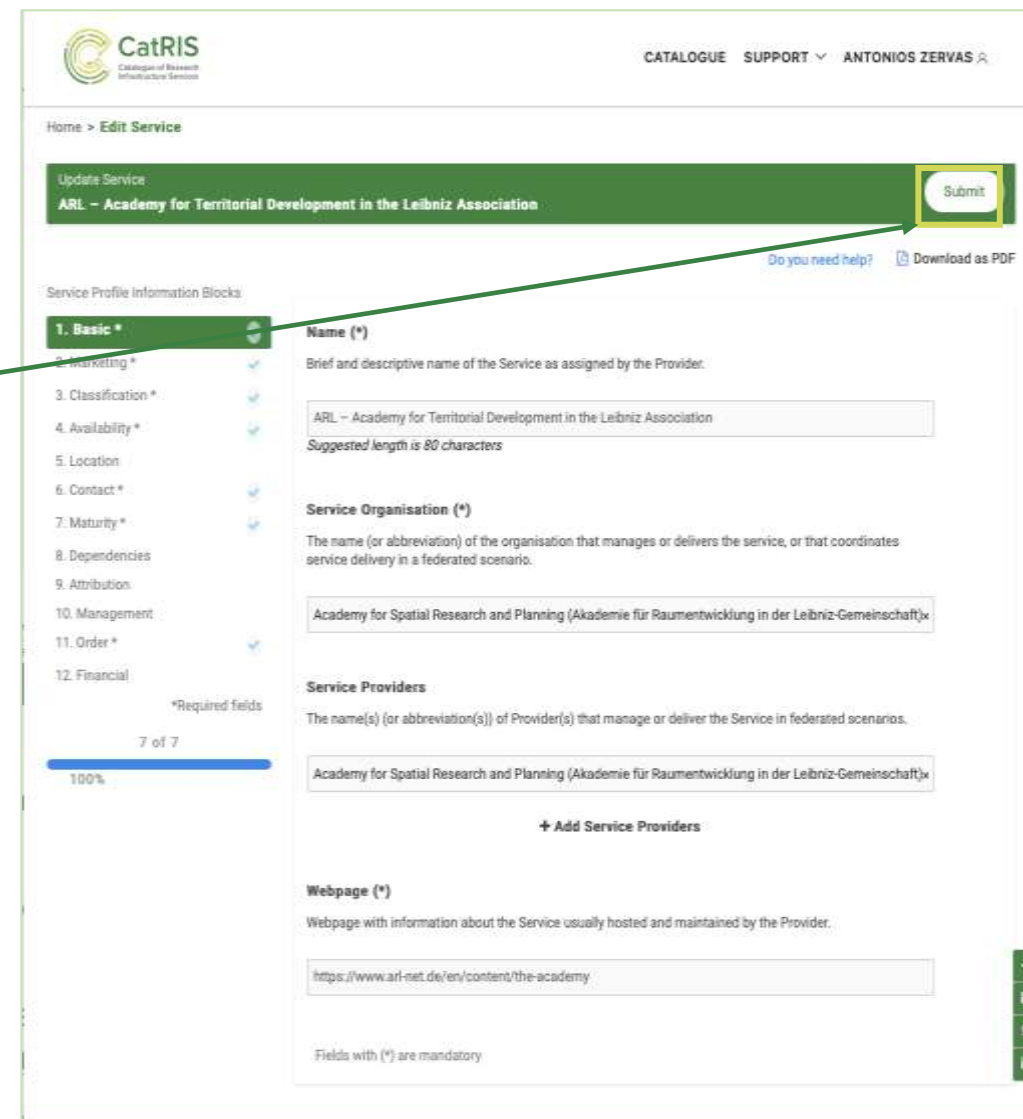

Stage 7a - The AARP applies to onboard the 1st Service

- After the Provider profile is approved, the “My Providers” page, changes status to “Pending Template Submission”.
- The AARP may now apply for the onboarding of the 1st Service with the “+Add Service template” button.
- In case of difficulties during Service onboarding communicate to support@catris.eu Depending on the issues a 1-to-1 call to offer guidance may be also organised.
- Attention: The button Update Provider Profile updates the Provider Profile and not the Services Profile.

Stage 7a - The AARP applies to onboard the 1st Service

- 🕒 The AARP may now apply to onboard the 1st Service by completing the Service Profile.
- 🕒 All mandatory fields (denoted with *) have to be filled in.
- 🕒 Need to press the **Submit** button to finalize the Service Profile submission.
- 🕒 The Service Profile is also offered for download and preview in pdf:
<https://www.portal.catris.eu/assets/files/Resource-Form.pdf> and in excel formats. It includes standardized definitions, examples and recommendations.

Dear Jörn,

The information for the service
has been reviewed and has been successfully added to the CatRIS Catalogue.
You can view the new service
<https://portal.catris.eu/service/> You may now login and
proceed with providing more services for

Thank you for your interest in becoming a member of CatRIS.

Best Regards,
the CatRIS Team

Stage 8 - The CPOT reviews the Service Profile

- 🕒 Once the Service application is submitted it is assessed by the CPOT using the CatRIS Validation Tool.
- 🕒 The CPOT checks the minimum requirements and the rules and criteria and the typology of the Service Profile (mandatory fields, lengths, types, etc.) and provides comments and recommendations for improvements on the Validation Tool.
- 🕒 If the Service Profile does not comply with the minimum requirements, or the rules and criteria or the typology of the Service Profile Template, the AARP is contacted by email to take action on the recommendations stated in the Validation Tool and update the Service Profile.
- 🕒 Typos and obvious errata are corrected by the CPOT. The AARP is informed accordingly.
- 🕒 At this stage the AARP is offered the option to join an information or training session with the CPOT to get personalized consultation on the best way to onboard the Provider and its Services. In this, often 1-to-1 Webinar, the Provider will have the chance to ask questions and get personalized consultation on the best way to register its Services.

Minimum Requirements

1. Services must be actual Services according to an official Service Management definition. It should be an ongoing activity offered 'live' to customers. This may be a (research) infrastructure Service, or a human Service (e.g. training, consultancy).
2. The Service must be coherent. It must be available and offer stand-alone value. It may not be only a feature/component of a larger Service.
3. The Service must meet at least **one** of the following:
 - The Service must be targeted to the research community
 - The Service must be provided by the research community
 - The Service comes from a H2020 funded project
 - The Service is part of a procurement framework targeting researchers.
4. The Service must be available in Europe and in a European language. Key information must be in English:
 - The Profile must be in English
 - The Basic Information in the User Interface must be available in English
 - Privacy statements, terms of use and SLA/SLS must be available in English. Other documentation may be in native language only.
 - The Helpdesk must be able to answer queries in English at a minimum.
5. The mandatory fields in the Service Profile Template must be provided, including required linked information.
6. URLs must be Fully Qualified Domain Names (FQDN).

Stage 8 - The CPOT reviews the Service Profile

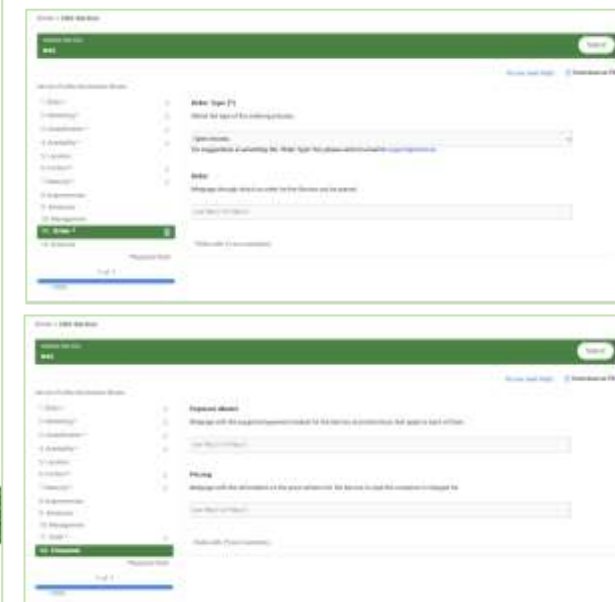

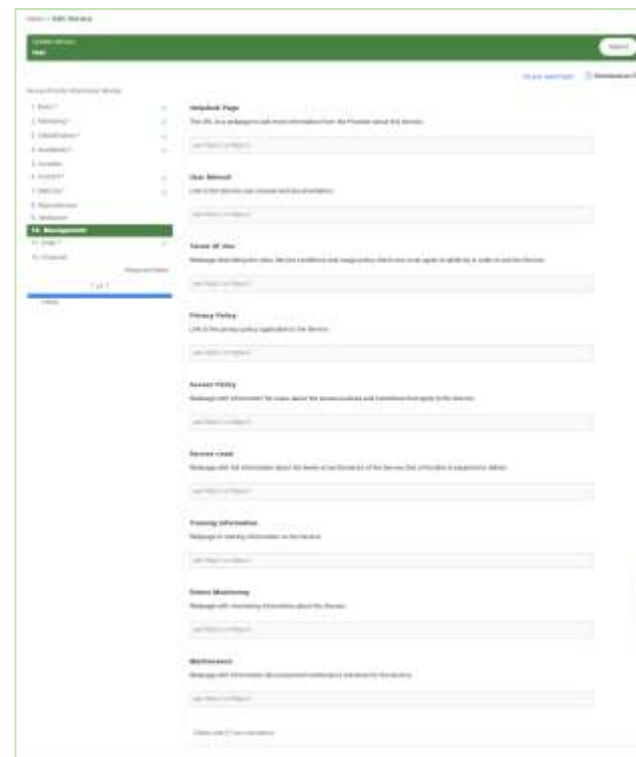

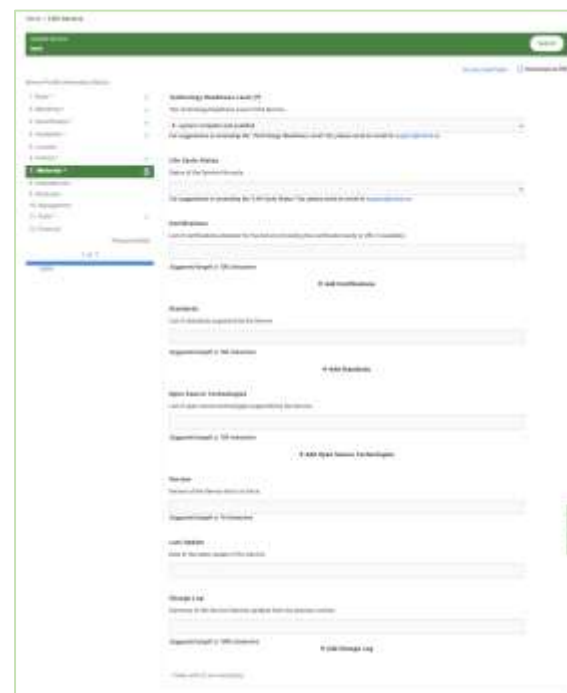

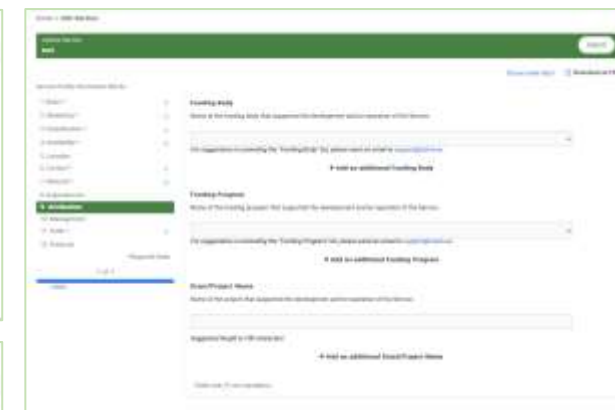

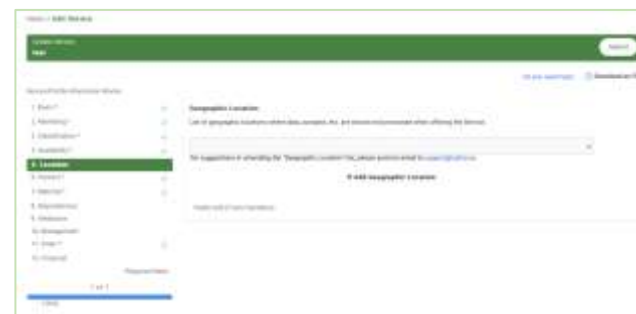

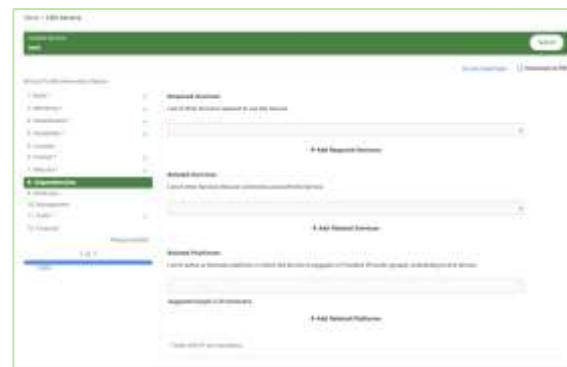

- The CPOT examines the quality of the information and links submitted.
- At this step, it is ensured that the information given is clear, and it follows the general recommendations given at the Service Profile Template.
- Spelling, accuracy and the composition of the writings will also be reviewed.
- Moreover the functionality of all links is examined.

Stage 7a-2 - The AARP updates the Service Profile

 If the AARP wants to resubmit the Service Profile, the AARP is directed again to the Update Service page.

 Upon completion the submit button has to be clicked to save the updated information on the Service.

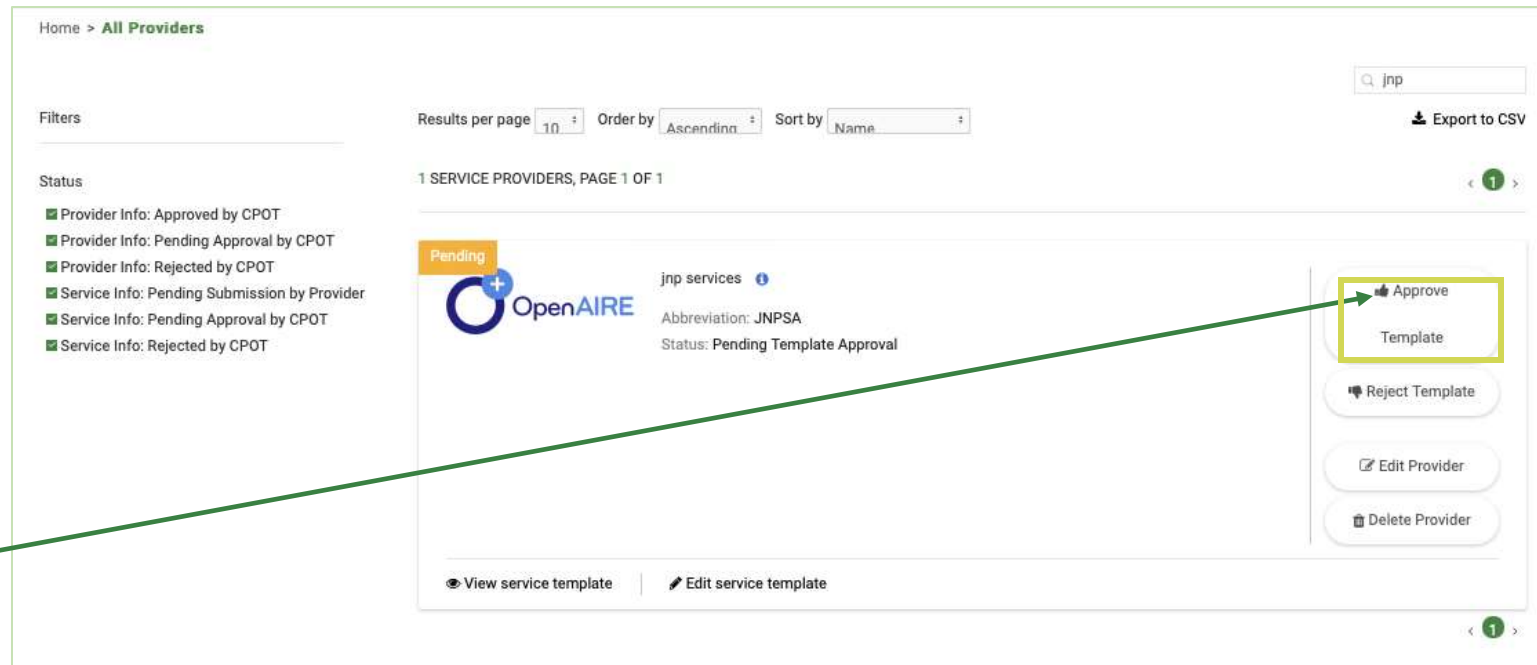

Stage 7a-2 - The AARP updates the Service Profile

Stage 8-b - The CPOT approves the Service Profile

The CPOT through CatRIS Dashboard have the rights to approve, edit or reject the template.

CPOT upon reviewing the updated from SP information, is proceeding with the approval

Stage 9 - The AARP applies to onboard other Services

- ❗ If the AARP wants to add a new Services, from the “My Providers” menu he/she is directed to the “+Add Service template” button.
- ❗ Upon completion the **submit** button has to be clicked to save the updated information on the Service.

Stage 10 - The CPQT sends a Report

- When all Services of a Provider are listed, the Provider may receive a Report by the CatRIS Portal Quality Team (CPQT) that can be used to show compliance to the CatRIS Portal specifications and proceed with further improvements on the Provider and Service Profiles.
- The sole purpose of this report is to improve the “Service metadata completeness” of the Providers. The reports are private and only shared with the Provider Representative.
- The methodology and tools used to assess this Compliance with the CatRIS Service Catalogue, are made available to the Provider a priori.
